Subject: Battery Condition Monitoring - Minutes and Announcement of
Next Meeting
Cc: Kiyomi Boyd <kboyd@mit.edu>

Enclosed are the minutes of the teleconference that was held on June 5th of the Battery Condition Monitoring Workgroup. A copy of this document has also been placed on the web page at the following location:

[http://auto.mit.edu/vei/dis.nsf/DocId/B32A821A7EC3B79685256A64005D52D9/\\$file/2001-06-Minutes.pdf](http://auto.mit.edu/vei/dis.nsf/DocId/B32A821A7EC3B79685256A64005D52D9/$file/2001-06-Minutes.pdf)

The next meeting will be face-to-face on Friday, June 22, 2001, at Johnson Control's office in Michigan, from about 10:00 a.m. until 3:00 p.m., including lunch. The morning session will be devoted to a discussion of measurement techniques for the battery discharge performance parameters. After lunch, Tom Dougherty will give his recommendation for a separate set of parameters to characterize age and condition effects. If anyone else would like to add a topic to the agenda, please let me know by Monday, June 18th.

For people who are not able to travel to Michigan, a teleconference line will be available. Here is the access information:

Dial in Number: (775) 324-0362
Participant Code: 323451

The line will be available for the morning session from 10:00 a.m. until 12:00 noon and again in the afternoon from 1:00 p.m. until 3:00 p.m. The same dial-in number and participant code will work for both sessions.

I would like to ask both in-person participants and teleconference participants to **RSVP to Kiyomi Boyd by e-mail (kboyd@mit.edu), telephone (617-253-2592) or fax (617-258-6774) by Monday, June 18th**. This is very important because the meeting room at Johnson Controls can only accommodate about 20 people. However, if the registration exceeds the room capacity we are planning to move the meeting to a nearby conference facility. Therefore, the exact location of the meeting and directions will not be provided until a few days before the meeting. We also need to specify the number of callers for the teleconference, so please let Kiyomi know also if you are planning to call in.

Regards,
Gary
