Subject: March 1st 42V VEI Meeting - Agenda and Dial-in Information

As previously announced, the next meeting of the "42V Automotive Electrical System Standards" group will be held on Wednesday, March 1, from 10:00 a.m. until 12:00 noon (U.S. Eastern Standard Time). Agenda items will include:

- 1) Review of jumpstart test results (Ford/DaimlerChrysler/Motorola)
- 2) Diode test results (Johnson Controls)
- 3) 36V battery connection workgroup status report (Traub/Andrew)

Here is the AT&T voice and NetMeeting contact information:

Dial-in Number: (201)368-8714
Participant Code: 699281

NetMeeting IP: 204.151.177.65
Meeting Name: 397664224
Pasword: 699281

Finally, I'd like to remind everyone once again that the next face-to-face meeting of the "42 V Automotive Electrical System Standards" group will be in Vancouver on Monday, May 22nd. The morning session will focus on general activities of the group. The afternoon session will be devoted to the 36V battery connection subject and all members of the consortium will be invited to participate.
